This name index is compiled as a loving tribute to the Reverend Henry Olcott Sheldon, who compiled the genealogical list of Sheldon's in America, and to the other Sheldon's or persons who have contributed any information, which has made that wonderful record as shown in the magazine possible.

The compiler has prepared this name index of only the surnames of persons other than the name of Sheldon, who married Sheldon's or to others who were related to the Sheldon's as contained in the Sheldon Magazine.

How to use this index

Each person has a serial number-surnames have been arranged in alphabethical order, and by refering to the surname that you are looking for-you will find the serial number-page or pages on which it appears in the magazine. Page or pages opposite the serial number show on which side of the page it appears in the magazine-- R standing for the right side and L for the left side. In a good many cases you will find the page shown of the surname that you are interested in, and also the page shown of the surname who they married, so look under both surnames.

The compiler hopes that he has made it helpful for any person interested in genealogical work or who may have cause to search for information contained in the H.O.Sheldon Magazine.
